This Book is brought to you for free and open access by the Campus Publications at Digital Commons @ RU. It has been accepted for inclusion in Semiannual List of the Publications of the Staff of the Rockefeller Institute by an authorized administrator of Digital Commons @ RU. For more information, please contact mcsweej@mail.rockefeller.edu.
Results of the investigations conducted at The Rockefeller Institute for Medical Research, or elsewhere under its grants, are first reported in a variety of journals and publications. The Semiannual List, of which this is No. 30, gives the place of publication of the most recent reports of these investigations. It will be sent regularly upon request.

The papers marked *, †, and ‡, and all similar reports from the Institute, are ultimately assembled in a series of volumes entitled Studies from The Rockefeller Institute for Medical Research. The price is $2.00 per volume. A special rate of $1.00 per volume is made to those who subscribe to The Journal of Experimental Medicine, or The Journal of General Physiology.

Other publications of The Rockefeller Institute are:
The Journal of Experimental Medicine, edited by Simon Flexner, M.D., and Peyton Rous, M.D.
Monographs of The Rockefeller Institute for Medical Research.
