SCIENCE FOR THE BENEFIT OF HUMANITY

# Green Tip of the Month

## Cafeteria

**If you're eating in, please do not ask to 'take it to go'...**

Grab a reusable tray, request china plates and use metal flatware. Are you always hungry? The size of the meal served is the same! But please, don't take the china plates/reusable tray to your office!

**Eating in the office?**

You could bring your own food container and use for the Chef's table menu! Help us reduce waste by opting for non-disposable plates and flatware, and use a plastic tray to collect and carry all your items!

**If you are not interested in the cup, just buy the coffee...**

Bring your own mug! Save money and generate less waste by using your own mug - get a 25c discount each time you fill up with coffee! This is valid throughout the University!

## Did you know?

Weiss Café uses approximately 99,000 take-out containers per year and spends approximately \$65,000 on disposable items.

The university uses approximately 140,000 disposable coffee cups per year.
