PRIZE PRESENTER

Dame Stephanie “Steve” Shirley

Business Technology Pioneer and Philanthropist

The Pearl Meister Greengard Prize was established by Dr. Paul Greengard, The Rockefeller University’s Vincent Astor Professor, and his wife, the sculptor Ursula von Rydingsvard. Dr. Greengard donated his entire monetary share of the Nobel Prize in Physiology and Medicine to Rockefeller and, in partnership with generous supporters, created this annual international prize. Named in memory of Dr. Greengard’s mother, who died giving birth to him, the Pearl Meister Greengard Prize recognizes the accomplishments of outstanding women scientists.
